Green Inspiration Academy Parent/Student Handbook Agreement	45

The Green Inspiration Academy Student/Parent handbook is designed to serve parents and students. Although not meant to be all-inclusive, it is an official source of school policies, regulations, procedures and requirements for participation in academic, extracurricular and informal activities at Green Inspiration Academy. This handbook is useful to parents by providing information that will enable them to assist and to support the effort and activities of their sons and daughters. In developing the rules, official school policies, regulations, and procedures for The Green Inspiration Academy, the administration has tried to anticipate as many questions and situations as possible.

The School’s Principal will have the authority to use his/her discretion to amend the handbook or make decisions on topics that may not have been covered in this handbook.

MISSION

The Green Inspiration Academy (“GIA”) is a K-8 college preparatory school that seeks to help prepare students in meeting the challenges of developing good citizenship, life-long learning and strong leaders, of the 21st century. GIA primarily focuses on advocating for environmental preservation and healthy lifestyle by incorporating into its curriculums and instruction an alignment with the Common Core Standards while stressing literacy, mathematical excellence, technology and analytical thinking.

The mission of GIA is to help increase student literacy to at least 85 percent through early intervention. Thereby, closing the achievement gap for all students despite the theories of social economic status. To achieve this, the school intends to provide parents and guardians with instructional programs on parenting, while we nurture students in the K-8 grades, with individual guidance and differentiated learning programs that will prepare them for the skills that are assessed on standardized tests. Other GIA instructional programs will support learning through technology, health & wellness, safety, environmental research and entrepreneurship. The school will utilize a learning program featuring community-based learning, which will inspire students to explore and address the problems associated with climate change, pollution, health care, recycling, energy consumption, economic growth that will aid in the restructuring of a vibrant community for the next generations of its citizens.

VISION

GIA anticipates empowering the youth as citizens and entrepreneurs developing a strong culture that will cultivate the growing green economy and help restore and preserve the natural environment. Excelling in both traditional and innovative curriculum areas, the students of GIA will learn and recognize their ability to become effective leaders of tomorrow through technology support from the school and by actively exploring the meaning of green and engaging in learning activities that are environmentally and community based.

RULES AND REGULATIONS

The following rules, regulations, and procedures are based upon official policy of the Board of Directors of GIA. Certain types of student conduct are prohibited. These rules and regulations shall be enforced, unless otherwise specifically stated therein, on the school grounds during, immediately before or immediately after school hours and at any other time when the school is being used by a school group; off school grounds at a school activity, function, or even; job stations where units of credits are given towards graduation. A student found to be in violation of any of these rules or portions thereof will be subject to disciplinary actions.

This shall consist of either a disciplinary notice, suspension for a set number of days, expulsion or permanent exclusion. (The examples listed in the rules below are not meant to be exhaustive.)

In addition to or in lieu of the above-mentioned disciplinary action, the disciplining authority may impose disciplinary measures in the nature of after school work, repair of or payment for physical damage caused by the student, cleanup, painting, and revocation of the privilege of participation in school activities.

The administration has the right to use discretion in interpreting and implementing rules of the handbook in compliance with the GIA School Board Policy. This also means that the administration may develop appropriate rules and regulations as called for by various situations. It also means that the administration may, in severe or unusual cases, discipline students in ways other than stated in the handbook.

The Green Inspiration Academy School believes that all students can benefit from and achieve success in an educational community where:

- Students are enthusiastic about learning and enjoy school
- Students' natural curiosity is fostered through their active participation in the educational process, school culture, environment and community.
- The needs of the whole student-intellectual, emotional, social, physical, and ethical, are addressed through environmental awareness and preservation as well as a balanced education program; and,
- The Board of Directors, Parents and Staff provide multiple avenues for students to succeed in a safe, physically stimulating, and nurturing environment.

ABOUT OUR CURRICULUM

Our school's curriculum is focused on developing environmental awareness. Our rigorous academic curriculum interconnects the problems associated with pollution, climate changes, while directing students to discover methods of improving the physical environment through energy conservation, and environmental harmony. The students will become researchers learning and discovering while totally engaged in an interactive hands-on learning experience. The experiential learning will be aligned with Common Core Standards blended with technology in every content area.

A). Admissions Procedures

Capacity & Lottery: The School will not exceed the capacity of the School's programs, classes, grade levels or facilities. When the number of applicants for admission exceeds the School's capacity, admissions will be determined by a lottery of applicants in the categories of preference set forth hereunder.

B) Open Enrollment. Enrollment is open to students who reside in any district in the state of Ohio and who are entitled to attend school. Students are eligible to enroll beginning the first day of each respective school year through the last day of the year according to the school calendar.

Registration/Enrollment Forms for returning students must be completed yearly in order to secure a spot. After the due date (listed each year on the form), if the number of pupils who wish to attend the charter school exceeds the school's capacity, classes, and grade levels except for preferences listed above a waiting list will be created. Any applications received after the due date will be dated and timed. Children listed on these applications will be added to the list for their grade in the order they are received. If openings are available, the children will be given a spot in the School. If there are no openings, they will be added to the waitlist.

As openings occur, families on the waiting list will be contacted regarding the vacancy. They have 48 hours to accept the available opening. If they decline the offer, their name is removed from the waiting list and they must resubmit an intent form the following spring and participate in the stated admission procedures, including a possible lottery.

To enroll, parents/guardians must submit the following to the School:

C) At-Risk Definitions: Both minor and adult aged students can be defined as “at-risk” using a variety of different indicators. - Having a disability or illness
- Have experienced abuse or trauma
- Exhibited behavior problems Assessed at below grade levels content areas, specifically reading and math.
- Family issues such as poverty, little parental involvement in education or emphasis on education, mental illness
- The student is a parent

- History of chronic truancy
- Credit deficient when compared to peers

Acknowledging these potential barriers, and then assisting in removing them by developing relationships and utilizing community resources is a key component to the success of our school

WITHDRAWAL

Parents/Guardians withdrawing students from school are asked to give the School at least one week's notice. A withdrawal form will need to be completed and signed. This signed form gives official notice of the student's withdrawal. Except as is required by law, records will not be released until a Release of Information form is completed by the legal parent/guardian. In addition, all outstanding fees, academic records or obligations must be met, including return of all school materials.

KINDERGARTEN ENROLLMENT

Children entering the Kindergarten Program must be five years of age on or before September 30th, of any school year. At the beginning of the school year, all kindergarten children will be academically and developmentally screened.

PARENT/STUDENT/GIA CONTRACT

ABSENCES

Parents are required by Ohio Law to call the school prior to 9:00 a.m. in order to report their child's absence. Each student is expected to be punctual and regular in attendance. Perfect attendance will be recognized each grading period. Absences are excused in the event of illness of the student or severe illness or death in the immediate family. When your child returns to school after an absence, he/she is expected to provide a written excuse from a parent/guardian explaining the absence and/or proof of doctor's appointment.

HOUSE BILL 410

It is important for every student in Ohio to attend school every day. Missing too much school has long-term, negative effects on students, such as lower achievement and graduation rates. There are many reasons students miss school, but districts often can directly impact their students' attendance. By using data to identify and support students who may need extra support and services, districts can target supports to get students to school every day.

In December 2016, the Ohio General Assembly passed House Bill 410 to encourage and support a preventative approach to excessive absences and truancy. Beginning with the 2017-2018 school year, several changes took effect. Schools cannot suspend or expel students for missing too much school. Districts will amend or adopt policies that outline their interventions and plans for students who miss too much school.

Regular school attendance is an important ingredient in students' academic success. Excessive absences interfere with students' progress in mastering knowledge and skills necessary to graduate from high school prepared for higher education and the workforce. To support academic success for all students, the district will partner with students and their families to identify and reduce barriers to regular school attendance. The district will utilize a continuum of strategies to reduce student absence including, but not limited to:

- Notification of student absence to the parent or guardian.
- Development and implementation of an absence intervention plan, which may include supportive counseling.
- Parent education and parenting programs
- Mediation
- Intervention programs available through juvenile authorities; and
- Referral for truancy, if applicable.

Definition of Truancy and Excessive Absences

1. 'Chronic truant' is removed from the law
2. Definition of 'habitual truant' changed from days to hours. The new definition is:
 - a. Absent 30 or more consecutive hours without a legitimate excuse
 - b. Absent 42 or more hours in one school month without a legitimate excuse; or
 - c. Absent 72 or more hours in one school year without a legitimate excuse.
3. Includes 'excessive absences':
 - a. Absent 38 or more hours in one school month with or without a legitimate excuse; or
 - b. Absent 65 or more hours in one school year with or without a legitimate excuse.

Truancy is decriminalized with several changes

1. A district must remove 'excessive truancy' from its zero tolerance policy for violent, disruptive or inappropriate behavior
2. Students cannot be expelled or suspended (out of school) for being truant (beginning July 1, 2017); and
3. A district must take several steps to engage the student and his or her family before filing a complaint with juvenile court (including parental notification, an absence intervention team and an absence intervention plan) Juvenile court should consider alternatives to adjudication and adjudication should be used as a last resort. A complaint cannot be filed until:
 - a. The 61st day after failed implementation of an absence intervention plan; or
 - b. A child has been absent without a legitimate excuse for 30 or more consecutive hours or 40 or more hours in a school month during the implementation of an absence intervention plan.

STUDENT DISCIPLINE CHANGES

1. Schools may permit students to make up missed work due to out-of-school suspensions per district policy; and
2. Schools cannot apply any remaining part or all of a suspension to the following school year, but the superintendent may require a student to participate in community service or an alternative consequence for the number of hours equal to the time left on the suspension.

DISTRICT RESPONSIBILITIES WHEN A CHILD HAS EXCESSIVE ABSENCES

When a student is excessively absent from school, the following will occur;

1. The district will notify the students parent in writing within 7 days of the triggering absence
2. The student will follow the district's policy for addressing excessive absences; and
3. The district may refer the student and family to community resources as appropriate.

TARDINESS

Students arriving after 9:00 am should report to the office before going to class. Parents are expected to take students to the office to sign in when they arrive late; and sign for the student to be dismissed early. Repeated tardiness will be followed by a phone call, letter to the parent, and a conference with the principal if tardiness demonstrates a pattern, daily, etc. Based on the district's new attendance reporting system students cannot come to school after 12:30 pm.

APPOINTMENTS/LEAVING EARLY

Students should only be signed out early for scheduled student related health care appointments or for emergencies. A student must bring a note from home with the date, time and parent/guardian signature. This note must be shown to the teacher and then sent to the office. Teachers are NOT allowed to release students from the classroom. Students will be released only to parents/guardians/others showing proper identification who are listed on the enrollment forms and must be signed out from school in the main office. No student is to leave the school grounds at any time without permission from the office. If there is not to pick up your child for any reason, notify the office in writing. Students will NOT be called to the office unless the parent/guardian is present. No student will be permitted to leave early without an approved adult or alone.

BEFORE AND AFTER SCHOOL CARE

Before and after school care is provided for parents of students registered at Green Inspiration Academy. Before and After Care is provided by The Scholar House. The before and after care program is available every day that school is in session from 6:00 a.m. to 8:15 a.m. and 3:30 p.m. to 6:00 p.m.

COMMUNICATION

A school newsletter is sent home to all parents/guardians once a month. This newsletter will keep you informed about the school calendar, special daytime and evening events, school improvement activities, individual classroom activities, special meetings and more. One Call will be utilized in discussing the state of the school and any additional important dates and events. Teachers also use class Dojo and Google classrooms to keep in contact with students and families. Current phone numbers and email addresses should be updated with the school office.

EMERGENCY CLOSING AND DELAYS

Parents and students are responsible for knowing about emergency closings and delays. If the school must be closed or the opening delayed because of inclement weather or other conditions, the district will notify local television stations. Information concerning school closings or delays can also be found on the school's website at www.greeninspirationacademy.com. Parents will be notified of school closings or delays via One Call telephone message and email delivered to the information on file.

*****It is important that you notify the front desk of any changes to your email and/or phone number and keep this information updated regularly.**

CONFERENCES

Parents are required to attend parent/ teacher conferences to ensure success and to obtain your student's quarterly report card. A parent-teacher conference is one of the best ways of helping students and collaboratively gaining insights and information about their progress. Cooperation is critical for a conference to be an effective means of communication. Individual conferences between the parents and teachers may be arranged at one's request. Conferences are formally held 2 times per year. Please inform the teacher if your child has any physical, emotional or personal problems that might hamper his/her learning.

School Illness

Green Inspiration Academy does not have a school clinic. If a student becomes ill during the school day, they will be evaluated by the Leadership team. If the student is very ill, we will contact the parent/guardian to come for him/her. Therefore, it is vitally important that we have information regarding names and numbers of whom to contact in an emergency. Your child should be free of a fever (100° or above) for 24 hours without anti-fever medication and/or free from vomiting for

24 hours before returning to school. For the protection of the other students and staff in school we ask that parents refrain from sending seriously ill students to school.

FIRST AID

In the event of an accident, first aid is given by authorized trained school personnel. In all cases every effort is made to contact the parent. In minor cases, ice and band aids can be given to students. In the case of a serious accident or illness, the parent/guardian is called and the student is taken to the nearest hospital emergency room. If we are unable to contact someone, Emergency Medical Services will be summoned. It is very important that your current home and employment telephone numbers, as well as two emergency contacts are always on file in the school office.

EMERGENCY DRILLS

In accordance with state laws, fire drills are held each month. Lockdown and tornado drills are also held periodically. Visitors in the building during a drill should follow procedures posted throughout the building. Students are required to remain in total silence and to follow all school emergency drill procedures and rules. Failure to comply with the school's Emergency Drill Procedures will constitute disciplinary actions being issued by the administration.

FIELD TRIPS

All field trips are an extension of what is being studied in the classroom. Trips are approved by the Principal and the Executive Director. Permission slips must be signed by a parent/guardian before a student can go on a field trip. Telephone permission is not acceptable. A student without a signed permission will be left behind at school. Children who are not registered at Green Inspiration Academy may not attend any field trips. Students may be excluded from field trips due to the following reasons: poor behavior, outstanding absences and inferior grades.

Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school. Students may use PCDs while riding to and from school on a school bus or other school-provided vehicles or on a school bus or school - provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher or sponsor/advisor/coach. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker area, lunch room, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The superintendent and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Possession of a PCD by a student at school during school hours and/or during extracurricular activities is a privilege and may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an

escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in school custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

Any teacher who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their PCDs. Green Inspiration Academy assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Students may not use school phones to contact parents/guardians during the school day.

TELEPHONE

Telephone messages regarding school business will be placed in the teacher's mailbox or sent via email. Teachers will not be called from the classroom to answer a phone call unless an emergency exists. Students are NOT permitted to receive phone calls. Students' use of the phone is for EMERGENCIES ONLY or if there is an approved need to contact a parent.

TEXTBOOKS/LIBRARY BOOKS

All textbooks and library books are loaned to students free of charge. Students are responsible for lost or damaged books and are expected to pay for them. Students are urged to take good care of books to avoid a fine at the end of the year.

COMPUTER TECHNOLOGY AND NETWORKS

Green Inspiration Academy provides Internet services to its students for school usage only. The Internet system has a limited educational purpose and has not been established as a public access service or a public forum. Student use of the school's computers, network and Internet services/connection (Network) are governed by the following principles and guidelines as well as the Student Code of Conduct. Students have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

The school further utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents are advised that a determined user may be able to gain access to services on the Internet that are not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents may find inappropriate, offensive, objectionable or controversial. Parents assume risks by consenting to allow their child to participate in the use of the Internet. Parents of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

Students are encouraged to use the Network for educational purposes. Use of the Network is a privilege, not a right. When using the Network, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Students are responsible for good behavior on the school's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. Unauthorized or inappropriate use of the Network, including any violation of these rules, may result in cancellation of the privilege, disciplinary action consistent with the Student Code of Conduct, and/or civil or criminal liability. Prior to accessing the Network, students must sign the Student Network and Computer Technology Agreement. Parent permission is required for all students. Parents are encouraged to discuss their values with their children so that students can make decisions regarding their use of the Network that is in accord with their personal and family values, in addition to the school's standards.

Smooth operation of the Network relies upon users adhering to the following guidelines. The guidelines outlined below are not exhaustive but are provided so users are aware of their general responsibilities.

A. Students are responsible for their behavior and communication on the Network.

B. Students may only access the Network by using their assigned Network information assigned to them. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their account/address/password. Students may not go beyond their authorized access.

C. Students may not intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to other users, or misrepresent other users on the Network.

D. Students may not use the Network to engage in "hacking" or other illegal activities (e.g., software pirating; intellectual property violations; engaging in slander, libel, or harassment; threatening the life or safety of another; stalking; transmission of obscene materials or child pornography; fraud; sale of illegal substances and goods).

E. Transmission of any material in violation of any state or federal law or regulation, or Board policy is prohibited.

F. Any use of the Network for commercial purposes (e.g., purchasing or offering for sale personal products or services by students), advertising, or political lobbying is prohibited. This provision shall not limit the use of the Network by students for the purpose of communicating with elected representatives or expressing views on political issues.

G. Use of the Network to engage in cyberbullying is prohibited. Cyberbullying involves the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal Websites or MySpace accounts, and defamatory online personal polling Websites, to support deliberate, repeated, and hostile behavior by an individual or group intended to harm others.

Cyberbullying includes, but is not limited to the following:

1. Posting slurs or rumors or other disparaging remarks about a student or school staff member on a website or on weblog;
2. Sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
3. Using a camera phone to take and send embarrassing photographs/recordings of students or school staff members or post these images on video sharing sites such as YouTube, Facebook, Snapchat, etc.;
4. Posting misleading or fake photographs of students or school staff members on websites.

To the extent permitted by the First Amendment, instances of cyber-bullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.

H. Students are expected to abide by the following generally accepted rules of network etiquette:

1. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Network. Do not use obscene, profane, lewd, vulgar, rude, inflammatory, sexually explicit, defamatory, threatening, abusive or disrespectful language in communications through the Network (including, but not limited to, public messages, private messages, and material posted on web pages).
2. Do not engage in personal attacks, including prejudicial or discriminatory attacks.
3. Do not harass another person. Harassment is persistently acting in a manner to distress or annoy another person. If a student is told by a person to stop sending him/her messages, the student must stop.
4. Do not post information that, if acted upon, could cause damage or a danger of disruption.
5. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet. This prohibition includes, but is not limited to, disclosing personal identification information on commercial websites.
6. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
7. Never agree to get together with someone you "meet" on-line without parent approval and participation.
8. Check email frequently and diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.
9. Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any e-mail that contains pornography. Students should not delete such messages until instructed to do so by a staff member.
- I. Malicious use of the Network to develop programs to harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the Network in such a way that would disrupt its use by others. Students must avoid intentionally wasting limited resources. Students may not bypass or attempt to bypass the district's Technology Protection Measure. Students must immediately notify the teacher, principal, or designee if they identify a possible security problem. Students should not go looking for security problems because this may be construed as an unlawful attempt to gain access.

J. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions/acknowledgement of authorship must be respected. Rules against plagiarism will be enforced.

K. Downloading of information onto the school's hard drives is prohibited, without prior approval from the teacher, principal or designee. If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus-detection program before opening the file for use. Only public domain software may be downloaded. If a student transfers a file or software program that infects the Network with a virus and causes damage, the student will be liable for any and all repair costs to make the Network once again fully operational.

L. Students may not use real-time electronic communication, such as chat or instant messaging, unless under the direct supervision of a teacher or in moderated environments that have been established to support educational activities and have been approved by the board, superintendent or principal.

M. Privacy in communication over the Internet and the Network is not guaranteed. In order to verify compliance with these guidelines, the school reserves the right to monitor, review and inspect any directories, files and/or messages residing in or sent using the Network. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

TESTING AND GRADING

Testing: "The Green Inspiration Academy school is a community school established under Chapter 3314. of the Revised Code. The school is a public school and students enrolled in and attending the school are required to take proficiency tests and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who are exempt from the compulsory attendance law for the purpose of home education pursuant to section 3321.042 of the Revised Code shall no longer be exempt for that purpose upon their enrollment in a community school. For more information about this matter contact the school administration or the Ohio Department of Education and Workforce."

Grading: Report Cards are used to share information about your child's progress toward Ohio's Learning Standards as set forth by the Ohio Department of Education. Families will be notified by the classroom teacher of any grades below C on assignments, tests, quizzes and projects.

CHILD ABUSE

The School will report allegations of criminal misconduct and suspected child abuse to the appropriate law enforcement agency and/or to Child Protective Services in accordance with law. School personnel shall cooperate with investigations by such agencies.

Teacher Qualification Notification

A parent or guardian may request information on the professional qualifications of each classroom teacher who provides instruction to the parent's or guardian's child. Such information shall include all of the following:

Whether the teacher has satisfied all requirements for licensure adopted by the state board of education pursuant to section 3319.22 of the Revised Code for the grade levels and subject areas in which the teacher provides instruction or whether the teacher provides instruction under a waiver of any such requirements;

The major subject area in which the teacher was awarded a baccalaureate degree and, if applicable, any other degrees or certification;

Whether a paraprofessional provides any services to the student and, if so, the qualifications of the paraprofessional.

While many of these handbook policies, procedures, and fees are outlined, the School reserves the right to adjust, add, or delete policies, procedures, or fees during the school year if it serves the best interests of the School.

DISCIPLINE - CODE OF STUDENT CONDUCT

Student behavior and discipline is an organized and serious component of the school atmosphere. Rigorous rules are in place in order to ensure that every child has the opportunity to learn with as little disruption as possible. **GIA IS A BULLY FREE ZONE!**

The School recognizes that exclusion from the educational program is a serious sanction and that suspension and expulsion must follow due process mandates. Additionally, the School will comply with all state and federal laws pertaining to students with disabilities.

With this goal in mind, the GIA Governing Authority has adopted the 2023-2024 Code of Conduct. We ask that all parents/guardians review the parent handbook on our website and return the signature page to the main office.

I. School Discipline

Intent and Purpose-Each Board of Education is required to adopt a set of rules and regulations designed to maintain order and discipline necessary for effective learning (Ohio Revised Code 3313.20 & 3313.47).

The GIA Board of Directors primary concerns are that students who wish to learn can do so in an environment conducive to learning and that reasonable disciplinary and prescriptive means be implemented to deal with those who would impair or deny such an environment. The full objective of this code is to ensure fair and equitable handling of disciplinary problems. This code is intended to standardize procedures to guarantee equally the rights of every student in the GIA School System.

II. The student discipline code explains:

It is the intent of GIA School to provide an environment conducive to a positive educational experience for all students and staff. In order to accomplish this end, it is necessary to implement rules.

The rules and regulations set forth herein have been developed with the help of students, parents, teachers, and administrators over a period of time. It is in the interest of the health, safety, and welfare of all that these rules are set forth.

The administration reserves the right to exercise flexibility in the administration of all disciplinary actions. Individuality of the student infractions and other considerations may necessitate disciplinary action other than that specifically listed. The administration reserves the right to incorporate such actions. GIA School operates on the assumption that most disciplinary action functions on the philosophy of progression. Therefore, as referrals to the office mount, more severe penalties will be progressively implemented. However, there may be occasions when the philosophy of progression does not apply because of the severity of the offense. The intent of this philosophy is to modify, perhaps eliminate, undesirable student behavior.

III. Scope of Jurisdiction

This code of conduct is in effect while students are under the authority of school personnel or involved in any school activity. This includes but is not limited to school buses and property under the control of school authorities, walking to and from school, and while at bus stops, interscholastic competitions, extracurricular events, or other school activities or programs.

In addition, this Code of Conduct includes:

Misconduct by a student that occurs off school property but is connected to activities or incidents that have occurred on school property

Misconduct by a student that, regardless of where it occurs, is directed at a School official or employee or the property of an official or employee
Engaging in any conduct which directly affects the good order, management, and welfare of the school

IV. Disciplinary Record Keeping

To provide accountability to the student and protection for teachers, principals and administrators, records of all efforts to correct behavior and any disciplinary action taken must be kept by those taking such action. These records should include the student's name, date of the incident, type of misbehavior, corrective action taken, verbal and written notices to the student and parent(s)/guardian(s). When suspensions occur, the length of that suspension and the total number of suspensions for the student during the academic year shall also be included in the record. Administrators will review the disciplinary record and the student's previous record in deciding appropriate action if a student misbehaves and to determine if a student shall be expelled due to discipline.

V. Suspensions and Expulsion from the School Bus

Students who ride school buses are expected to comply with the same rules that govern their behavior while they are in school. A student who misbehaves on a school bus can be suspended from the bus, and/or suspended/expelled from school. Permanent bus exclusion is possible depending on the infraction.

Students suspended from riding the bus are expected to attend school during the period of bus suspension. Unexcused absences during the period of suspension from the bus will be subject to the School Attendance Policy. Parents will be responsible for how their child gets to school during the suspension period. Students are required to follow all rules as mandated by the School District of record for providing transportation.

Discipline Procedures and Due Process

I Due process

Due Process provides a standardized set of procedures that protects student and parents' rights during the resolution of disciplinary matters. Due process applies in all instances when the student is subject to the authority of the school. The Ohio Revised Code 3313.66 due process requirements include: Providing the student a written **Notice of Intent to suspend** stating the rules he/she is thought to have broken. Providing an opportunity for a hearing at which the student learns why he/she may be suspended or expelled and at which time the student can explain his/her actions.

Providing the student with a **Written Notice of Suspension or Expulsion** Within one school day, a copy of the suspension form stating the reasons for the suspension and including notice of the right to appeal such action. Providing a means for student appeal of suspensions or expulsions Notice of the suspension is sent to the:

Building Administrator/Principal
Dean
Executive Director
EMIS Coordinator
Board of Directors (Expulsion notices)

II. Emergency Removal

DEFINITION: An emergency removal is the removal of a student from a situation in which that student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process in the classroom or elsewhere on the school premises in accordance with (O.R.C. 3316.66). **Emergency removal is not a/or off disciplinary tool and shall not be used as a substitute for suspension.**

Removal Procedure:

The Executive Director, Principal or the Principal's designee may, without notice or hearing, remove the student from curricular or extracurricular activity, or from the school premises for a period up to three school days (ORC 3313.66)

A teacher may not, without notice or hearing, remove a student from curricular or extracurricular activities under the teacher's supervision. The teacher may direct the student to the school office with an appropriate, written referral within a reasonable amount of time, not to exceed 15 minutes from the time of removal. This referral must be submitted to the office of the Principal. In the case of an extracurricular activity, the referral must be submitted before noon of the following day. Employees may recommend to the principal students out of their assignments in writing as an emergency removal for the following reasons:

- Fighting
- Flagrant disruption of the learning environment: and/or
- Obscene, verbally abusive or threatening language or behaviors toward employees or other students.
- Physically attack or make violent threats against teachers or students.
- Possession of drugs or weapons
- Bullying or intimidating

In cases where a student must be removed from the school premises because his/her presence poses a continuing danger to persons or property in the school, the parent(s)/guardian(s) of the student

will be contacted as soon as practical. If the parent(s)/guardian(s) cannot be reached, the principal will contact Child Services for assistance.

Any student removed under this section must be given a written statement of the reason for removal. The Emergency Removal of Student form will be used for this purpose with copies going to the parent(s)/ guardian(s) and appropriate school personnel.

III. Suspension

The Executive Director, principal and designee may suspend a pupil from the school for disciplinary reasons outlined in the student's code of conduct. No period of suspension is for more than 10 school days. Suspensions may extend beyond the current school year if, at the time a suspension is imposed, fewer than 10 days remain in the school year. The Executive Director's Designee may apply any or all of the period of suspension to the following year.

IV. Suspension Guidelines

The Principal and the Executive Director have the power to suspend a student when that student's behavior presents a clear danger of injury to the student, other students or school personnel, or prevents the orderly operation of classes or other school activities. A student may be suspended for specific violations identified as Level I, II or Level III offenses. The Executive Director may suspend a student for specific violations identified as **Level IV** offenses pending a pre-expulsion hearing.

Students will not be suspended for **Level I** offenses unless the Principal or designee determines the offenses to be chronic in nature.

The Principal may suspend students who commit **Level II** offenses, for up to five school days.

The Principal may suspend students who commit **Level III** offenses, for up to ten school days.

The Principal or designee can suspend for up to ten school days, pending an expulsion determination by the Executive Director for students who commit **Level IV** offenses.

Make-up work will be assigned via the parent portal or the teacher assignment/s only, provided during days of suspension. Students will receive full credit for make-up work missed while on suspension that is turned in on the day the student returns to school. (No exceptions.)

Make-up work is not provided during expulsion.

V. Suspension Procedures:

PRE-SUSPENSION: Suspension proceedings should begin with an informal hearing between the student and the Principal. At this hearing, the student will be given written **Notice of Intended Suspension**, which spells out the specific charge(s) being made against the student.

If the offense is one for which the School may seek expulsion, the notice shall contain that information. The student will be given an opportunity to challenge the reasons for the intended suspension or otherwise explain his/her actions. The student does not have the right to call witnesses to give testimony on his/her behalf at this informal hearing before a school administrator.

If, following the hearing, a Principal suspends a student; the student must receive the **Notice of Suspension**, which states:

That he/she has been suspended

The reason for the suspension

The length of the suspension

The procedures for appealing the suspension

The procedures for returning to school at the conclusion of the suspension

That the School may seek expulsion, if appropriate

The Principal or designee will contact the student's parent/guardian by telephone if possible and will detain the student in school under supervision until either the arrival of the underage student's parent/guardian or until the close of the school day. **No suspended student will be sent home before the end of the school day unless the school contacts the parent(s)/guardian(s), and permission is given to send the student home with the person designated to pick up the student or, law enforcement requires that the student is removed from the premises.**

A suspended student is not permitted on School property or at School activities during the suspension. A student or parent(s)/guardian(s) has the right to appeal a suspension to the Executive Director or its designee and to be represented in the appeal by a representative of their choosing. A request for an appeal hearing must be made in writing to the Executive Director within ten calendar days of the date of the suspension or of the date the parents or guardian receives the notice, whichever is later.

The Executive Director may affirm the order of suspension, reinstate the student or otherwise reverse, or modify the suspension order. The decision of the Director may be appealed by the student or parent(s)/guardian(s) to the GIA Board of Directors.

VI. Expulsion:

Definition: Expulsion means that the student is removed from school by school authorities for more than ten school days, but not for more than eighty school days. If the offense involves a firearm or knife, a bomb threat, or is an offense, which would be a crime if committed by an adult and result in serious physical harm to persons or property, the student may be expelled for

up to one year. Since expulsion is the most severe punishment the school system may use, it requires action by the Executive Director. The Executive Director Designee may expel a student from school for eighty days. Expulsions may extend from one school year to the next. Expulsion of a handicap student or suspension in excess of an aggregate of ten days per year is a change in placement, thereby requiring federal due process procedures to be followed.

In accordance with Public Law 94-142 due process is guaranteed

Handicap children are not entitled to completely separate disciplinary procedures and may be suspended for up to ten days.

VII. Expulsion Procedures:

A student committing a **Level IV** offense shall be considered for expulsion.

A student committing a **Level III** offense may be considered for expulsion.

Before a student is expelled from school, the Executive Director or designee shall give the student and his/her parent(s)/ guardian(s) written notice of the intention to expel and the reasons for the intended expulsion. The notice shall include information on the right to have a hearing, the time and place of the hearing, and the right to have a representative of the student's choice at the hearing.

The hearing shall not be earlier than three (3) days or later than five (5) days after notice of intention to expel is given. The Executive Director or designee may grant an extension of time at the request of the student, parent(s)/guardian(s), or their representative. If an extension of time is granted, the Executive Director or designee must inform the student or his/her parent(s)/guardian(s) of the new time and place to appear. At the hearing the student may challenge the reason(s) for the intended expulsion or otherwise explain his/her actions. Such information shall be given equal consideration.

Within twenty-four hours of the decision to expel, the Executive Director Designee shall notify in writing the principal, student, parent(s)/guardian(s), Executive Assistant and the President of the Board of Directors. The written notice shall include the reason for the expulsion and an explanation of procedures to appeal the expulsion.

If a student is expelled for more than 20 days or if the expulsion extends into the following semester or school year for any period of time, the Executive Director Designee shall also include a listing of public and private agencies that offer assistance to the incident(s) for which the expulsion was ordered.

A student or his/her parent(s) or legal guardian(s) who disagree with the expulsion may request an Appeal, in writing, within ten (10) school days of the date the Notice of Expulsion was mailed.

The Board of Directors will act on the expulsion appeal at a public meeting. The Board of Directors may uphold the expulsion, reinstate the student or modify the expulsion order.

If a student commits a violation that warrants expulsion, the Executive Director shall proceed with the expulsion hearing and impose any warranted expulsion even if the student who committed the act has already withdrawn from school.

The Board of Directors may temporarily deny admittance to any student seeking to enroll in the GIA School if the student has been expelled or permanently excluded from a public school of another School, not limited to the State of Ohio, provided:

- a. An opportunity for a hearing has been offered
- b. The period of the expulsion has not expired
- c. The student will be admitted at the conclusion of the expulsion period so long as it does not exceed one calendar year as prescribed by Ohio Law

Students returning from expulsion will not be given an opportunity to earn or be granted appropriate credit for work missed during the time of expulsion.

The rights of students with an identified disability are additionally protected by Board of Education Policy and Federal and State laws, which outline suspension and expulsion procedural safeguards for dealing with these students. (ORC 3313.662)

VI. Appeal Process

Should a student or a student's parent(s) choose to appeal the **suspension**, he/she must do so within 3 school days of the notice of suspension. The student may be excluded from school during the appeal process.

Should a student or a student's parent(s) choose to appeal the **expulsion**, he/she must do so within 14 calendar days of the expulsion notice. The appeal period begins to run on the day following the expulsion and concludes 14 days later.

The Executive Director's Designee is authorized and directed to act as the designee for the Board of Directors in the appeals of student suspensions and expulsions.

Due process in the context of quasi-judicial administrative proceedings carried out by the school authorities does not mean that proceedings used in courts in juvenile courts must be followed exactly by school authorities when engaged in school-related disciplinary actions taken by school authorities. It does mean that clear, definite, and fundamentally fair rules of procedure must govern disciplinary actions taken by school authorities.

VIII. Specific Violations

Disciplinary action is determined based primarily on the type of offense committed. Other factors such as the frequency of an offense as well as the child's age are considered. Although the disciplinary actions listed below reflect a progressive disciplinary process, all steps may not be considered or appropriate in a given case. Offenses of a repetitive or more serious nature may result in discipline commensurate with the seriousness of the offense and may justify suspension and/or expulsion without reference to previous reprimands.

Level I - Offenses

1. Truancy/Skipping Class: Violation of State, or school policy relating to attendance. Ohio's Cell Phones in Schools- Model Policy

To support school environments in which students can fully engage with their classmates, their teachers, and instruction, the Board of Education of THE GREEN INSPIRATION ACADEMY has determined the use of cell phones by students during school hours should be limited.

The objective of this policy is to strengthen GREEN INSPIRATION ACADEMY's focus on learning, in alignment with our mission to ignite students' passion for learning, cultivate a strong foundation of knowledge, and foster a sense of community within our schools.

I. Research

Research shows that student use of cellphones in schools has negative effects on student performance and mental health. Cell phones distract students from classroom instruction, resulting in smaller learning gains and lower test scores. Increased cell phone use has led to higher levels of depression, anxiety, and other mental health disorders in children.

II. Applicability

This policy applies to the use of cell phones by students while on school property during school hours.

III. Use of cell phones

Students are prohibited from using cell phones at all times.

IV. Exception

Nothing in this policy prohibits a student from using a cell phone for a purpose documented in the student's individualized education program developed under Chapter 3323 of the Ohio Revised Code or a plan developed under section 504 of the "Rehabilitation Act of 1973," 29 U.S.C. 794.

A student may use a cell phone to monitor or address a health concern.

V. Cell phone storage

Students shall keep their cell phones in a secure place, or a storage device provided by the district, at all times when cell phone use is prohibited.

VI. Discipline

If a student violates this policy, a teacher or administrator shall take the following progressively serious disciplinary measures (check all that apply):

[X] Give the student a verbal warning and require the student to store the student's cell phone in accordance with this policy.

[X] Securely store the student's cell phone in a teacher- or administrator-controlled locker, bin, or drawer for the duration of the class or period.

[X] Place the student's cell phone in the school's central office for the remainder of the school day.

[X] Place the student's cell phone in the school's central office to be picked up by the student's parent or guardian.

[X] Schedule a conference with the student's parent or guardian to discuss the student's cell phone use.

[X] Other (insert as needed).
