GREEN INSPIRATION ACADEMY
NOTICE OF BEGINNING-PUPIL SCREENING PROGRAM
2026–2027 SCHOOL YEAR

Dear Parent or Guardian:

Ohio law requires Green Inspiration Academy to provide a screening program for each student who is enrolled for the first time in kindergarten or first grade.

Before November 1, 2026, eligible students will be screened in the following areas:

• Hearing;
• Vision;
• Speech and communication;
• Health or medical concerns; and
• Developmental development or possible developmental disorders.

The purpose of these screenings is to identify conditions that may affect a student's ability to learn or participate successfully in school. These screenings are not medical diagnoses, special education evaluations, or tests used to determine whether a student may enroll in or attend Green Inspiration Academy.

If a screening indicates that a student may have a health concern or special learning need, the School will notify the parent or guardian and may recommend additional assessment, evaluation, or follow-up with an appropriate healthcare provider. Any evaluation for special education eligibility will be conducted in accordance with applicable state and federal special education requirements.

The screenings will be conducted by qualified school personnel or qualified providers designated by Green Inspiration Academy. Parents will receive additional information regarding the screening schedule.

A student may be exempt from the School's hearing screening upon presentation of documentation showing that the student was examined by a licensed physician during the preceding twelve months. A student may be exempt from the School's vision screening upon presentation of documentation showing that the student was examined by a licensed physician or optometrist during the preceding twelve months.

Please notify the School if your child has recently completed any of these screenings or if you have questions or concerns regarding the screening process.
